

The Republic of Union of Myanmar

National Unity Government

Ministry of Health

Announcement (11/2021)

10th November 2021

1. The Ministry of Defence, National Unity Government has already issued codes of conduct and rules of engagement to mitigate harm to the public during the people's defensive revolution to oust the terrorist military dictatorship. The Ministry of Health is also working together with friendly groups and associations to be able to provide healthcare continuously to the people during the revolution.
2. The terrorist military council has been using healthcare as a guise and front and have been trying to make political gains out of it, yet are culpable of arbitrarily arresting and killing healthcare workers and charity workers. There is also ample evidence that individuals, national and international organisations that are involved in trying to help prevention and control of COVID-19 pandemic as well as other major infectious diseases such as HIV/AIDS, Tuberculosis and Malaria have been targeted, intimidated and threatened with harm and injury.

3. The above violence activities are disguised malicious actions of terrorist military council's usual attempts to mislead the National Unity Government and the revolutionary forces.

4. The Ministry of Health, National Unity Government strongly denounces and condemns such activities by the terrorist military council as targeting, intimidating, menacing and oppressing healthcare workers who are providing health services to the public in hospitals and clinics. The Ministry also urges and appeals to the international community to intervene in a timely manner to prevent and avert such transgressions and infringements.
